

Benefits of Program

- ◆ Your child will enjoy an educational program, a nourishing snack and opportunity to practice developing social skills with his peers.
- ◆ Each student is valued and her individual needs will be considered when planning the schedule and curriculum
- ◆ Owner and director has a degree in Early Childhood Education and has been in business for 25 years.
- ◆ Your child will receive his/her complete preschool education.
- ◆ Sonshine has a comprehensive program executed by qualified teachers that employ developmentally appropriate practices
- ◆ Our program provides activities that address all domains of a child's learning: cognitive, social, creative, motor development as well as his approaches to learning.
- ◆ We have been providing a fun, safe environment for 25 years.
- ◆ Our goal is that each student is as prepared as he/she can be to enter Kindergarten.
- ◆ Your child will be evaluated consistently through observation and one-on-one instruction and formally twice during the year with copies of evaluations sent home. You will be informed of your child's development, his/her strengths and problem areas along with solutions to help him/her reach his/her full potential.
- ◆ Self help skills are a part of our curriculum.
- ◆ We have an educational summer preschool program.

Location

We are centrally located between Bonner Springs, Basehor, Linwood, and DeSoto.

More specifically, we are just south of Basehor, 1 1/2 miles south of K-32 on 166th St.

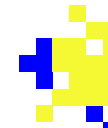

We are approximately 10 minutes from all of the above mentioned towns.

Our Philosophy

We believe all students are unique individuals who have much to contribute to Sonshine Preschool, and that all children deserve a safe learning environment where they feel comfortable and accepted. All students have a voice in our classroom and are taught to appreciate their fellow students' voices and to respect teachers and staff. Children are naturally curious and are active learners. It is the teacher's role to create a safe, interesting learning environment that engages her students' senses and curiosity. She should know each student well and plan age-appropriate activities that address the students' interests and healthy

development through play experiences. Teachers will use observations and one-on-one time with students to ensure they are reaching their potential. As the children progress they will feel excited and confident about learning and prepared to go on to the next level of their education.

COMPONENTES OF OUR QUALITY PROGRAM

- ◆ Qualified Teachers
- ◆ Child focused teaching through play experiences
- ◆ A stimulating environment that periodically changes to spark interest and reinforce learning themes.
- ◆ A planned set of activities is crucial to a quality program. A comprehensive curriculum that features age appropriate learning experiences gives children order, security and assures the child's developmental needs are being met.
- ◆ A daily schedule that includes a balance of quiet and active experience to prevent over stimulation or boredom.
- ◆ The schedule also includes a balance of teacher directed and child chosen activities so the child has freedom to be an individual but also must learn to work in a group situation.
- ◆ The children, the program, and teaching staff are continually assessed to ensure a quality program that is meeting all of the children's needs.

OTHER PRODUCTS:

KINDERGARTEN READINESS LEARNING BAGS

We have offered fun learning play games to our students for 25 years. Lisa has gathered these age appropriate games and materials together into a convenient bag for parents to play with their children at home. They are kid tested and teacher approved. The instructional booklet and materials will keep your child busy for hours and prepare him for kindergarten. Your child will think he is just playing but you will know he is learning. We have busy bags for learning:

Shapes Colors Numeracy
Literacy Motor Development

The 1st bag is \$20 each and
Supplemental purchases \$15 each
